

KJ.InventoryUI.Start

KJ.InventoryUI.UpdateInventoryUI

KJ.InventoryUI.AddItem

```
graph LR; A[KJ.InventoryUI.Start] --> C[KJ.InventoryUI.AddItem]; B[KJ.InventoryUI.UpdateInventoryUI] --> C;
```

The diagram illustrates a flow where two separate UI components, 'KJ.InventoryUI.Start' and 'KJ.InventoryUI.UpdateInventoryUI', both trigger the 'KJ.InventoryUI.AddItem' function. The source boxes are white with black borders, while the destination box is gray with a black border. Blue arrows indicate the direction of the flow from left to right.
